AIRFRAME[®] MAGNETIC

PREMIUM CAR VENT MOUNT

Airframe[®] Magnetic is the first Airframe that uses the power of magnets to conveniently keep your phone safely in view. Simply adhere the thin plate to the back of your phone, and the six rare-earth magnets hold it securely and safely.

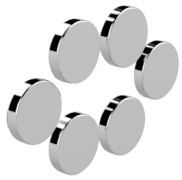

Portrait and Landscape viewing

Works with any vent type

One-handed operation

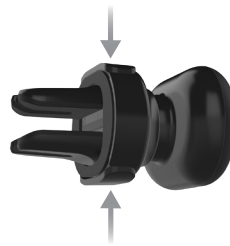

Powerful Magnets

Six (6) powerful neodymium magnets hold your phone securely and are safe for phones.

360° Pivot

A remarkably smooth ball-and-socket joint allows the phone to be positioned at any angle, keeping the screen safely in view.

Push-Button Vent Clip

The new spring-loaded vent clip is super secure, safe for all car air vents, and attaches with push-button convenience.

Universal Device Plate

The thin, low-profile mounting plates can be attached directly to the back of your phone or case, or underneath cases less than 3mm thick. They feature a strong, removable 3M adhesive.

Hands-Free
