4K Rearview Mirror Dash Cam with 1080P Backup Cam

Introducing the Gekogear 4K ultra HD Rearview Mirror Dash Cam with Backup Cam—a powerful and versatile solution for a comprehensive in-car monitoring experience. With a wide 139-degree field of view for the front and 142-degree backup camera, this dual-camera system captures the entire road and your vehicle's surroundings with exceptional clarity. Experience peace of mind on the road with the integration of this dash cam features that includes back up reverse lines.

4K Front & Rear Cam

The front camera records at 4K and rear camera record at 1080P Full HD resolution. This will smoothly capture clear video in fast moving scenes.

Loop Recording

With loop recording, our body cam continuously captures footage, overwriting the oldest files when storage reaches its limit.

9" Touchscreen

This sleek device seamlessly combines a modest form factor with a user-friendly display.

G-Sensor for Emergency File Saving

The G-sensor is a gravity sensor that will sense any collision, swerve, or hard braking, and automatically lock the current video so it cannot be loop recorded over.

Supports 128Gb, 32GB MicroSD Card

a 32GB microSD card is included in the package, so you'll be set to install in your car and start recording. This device supports up to 128GB of external storage.

Specifications:

Resolution: Front 4K / Rear 1080P

Screen: 9.66"

View Angle: Front 139° / Rear 142°

Microphone: Supported

G-Sensor: Supported
